THE TARIFF AND SUGAR

Under the stimulus of the reduced tariff, consumption of sugar in the States of the East alone has increased practically 20 per cent. To be exact, the consumption of sugar from March 1 to June 19 in the territory above mentioned was 893,000 tons in 1914, as compared with 745,000 tons in 1913. Thus the increase in consumption of sugar in those States has been 148,000 tons. This is one of the results of the Democratic rule. The saving to the consumer by taking the duty off of sugar is .581 cents per pound, which, figured on the amount of sugar consumed in the United States last year, namely 8,384,631,360 pounds, would be equal to \$48,713,708.—Selected.

THE AUGUST AMERICAN MAGAZINE

In the August American Magazine "Jerry" Travers, present amateur golf champion of the United States, writes an article full of thrilling stories and good advice entitled "Wonder Shots that Won Golf Championships." It is just as interesting to readers who never played golf as to those who do play the game.

Ray Stannard Baker tells "How Uncle Sam Spends Your Income Tax Dollar." He went to Washington, made an investigation, and reports penny for penny what becomes of a dollar when Uncle Sam gets it—63 cents for this, 17 cents for that, etc. His article is full of news and genuine surprises.

Mary Garden, the celebrated opera singer, writes an article entitled "The Opera Singer and the Public," which is full of the frankest kind of statements—such, for example, as her poor opinion of the English in musical matters.

Will Irwin tells a wonderful true dog story; Walter Prichard Eaton tells a love story; Stephen Leacock writes of "Arcadian Adventures with the Idle Rich;" Number 6606, a convict in a western penitentiary, writes another Boston Blackie story entitled "The Story of Dad Morgan;" Alice Hegan Rice, famous as the author of "Mrs. Wiggs of the Cabbage Patch," writes a story of a Kentucky mountaineer called "Pop."

THE THRILL OF PROSPERITY

"As proper men as ever trod upon neat's leather" are the members of the National Leather and Shoe Finders' Association, who have been discussing trade conditions at their annual convention in this city.

They nearly all tell the same story—that business has improved, that it is now good and that it is surely going to be better still in the near future. The president of the association, says: "There can be no question about the industrial improvement which will come in the autumn; the West is jubilant."

What about the Pacific Coast? The feeling of that region is voiced by Mr. S. J. Burtchell, of San Francisco, who is vice president of the association and a member of its executive committee. He says: "The country and the country's business outlook never looked so well."—New York Herald.

TOURISTS

Travelers, Sojourners in almost any part of the world, will find Dr. Humphreys' Homeopathic Remedies for sale in the leading drug stores.

Before starting, it would be well to send for a free copy of Dr. Humphreys' Manual of all diseases, to take along. It is a small compact little book, takes up very little room. Humphreys' Homeo. Medicine Co., 156 William Street, New York.—Advt.

Monett with all its people, its schools, its churches, its opportunities, its needs, will appear in the next issue of the great Missouri Booster THE OZARK MAGAZINE. The result may be the locating of more people, more farmers, more factoring and industries in our locality, thus stimulating the growth of our city and bringing in more capital. Let every man who wishes to see Monett progress do all it can to make this article a success. 9-tf

Monett Enthusiasm Strong For LOYAL ORDER OF MOOSE

It is gratifying to find the people of Monett developing increased interest in the Loyal Order of Moose. The railroad men, by acquaintance with other cities, realize the worth of this Fraternity. Hence, their desire to have a lodge and club rooms established here.

They realize what \$9.00 a week means to man who is unable to work. The value of an Order that protects you while you live, and then provides for the fatherless family when sorrow and despair seems to triumph.

They realize the many good times they will enjoy at our entertainments, where business care and worry are forgotten. "As We Journey Through Life, Let Us Live By The Way." Do you wonder why Monett has rallied to the Call of the Moose.

We will institute August 3rd with about 150. Are you going to be one of this big class? Remember, \$9.00 a Week for sickness or accident, \$100.00 at Death. Dues \$1.00 a Month, no assessments. SPECIAL CHARTER FEE only \$5.00 NOW. Later it will be \$25.00. Join Now at the Reduced \$5.00 Fee.
